Let us Fly you there in Style on Your Schedule!

Just tell us where you want to go.

Fly directly to an airport close to your destination!

There are over 3,000 public airports in the US. The airlines fly to only 300 of them, and only 35 are served with frequent service. We can fly to almost any "small town" airport in the country, meaning you'll spend less time getting to your actual destination. Depart from your home airport, and fly closer to your destination in style and comfort without the hassles of larger airports.

The time savings are huge.

The best solution for air travel to your destination, on your schedule!

KING AIR C90

Top of the line comfort is yours in our stunning **King Air C90 Twin Engine Turboprop**. With brand new high tech, fuel efficient GE Engines, our King Air not only gets you there in style and comfort, but also saves travel time, making this a smarter choice for efficient transportation. Enjoy brand new leather seating, a roomy cabin and quiet pressurized comfort. State-of-the-art avionics in the cockpit adds to your safety.

Time is money, and you save both using Lakeshore Aviation's King Air C90 when compared to using other charter airplanes of this class. With room for up to seven passengers and speeds up to 260 Knots (300 MPH) at 28,000 ft. you can make trips from your airport to much of the country in less than three hours.

CESSNA 340

Our **Cessna 340A** is a 6-seat twin engine aircraft, which cruises up to 21,000 ft. at about 200 knots - (230 MPH). Arrive at your destination refreshed and relaxed enjoying the amenities of a beautiful leather interior in a quiet pressurized cabin. Your flight will be safe and fast because this airplane is equipped with the latest new color Garmin Avionics and 335 HP turbocharged engines. Comfortably seating up to four passengers, you can work while you are en route, or relax and just enjoy the view. It's a thrill to fly fast and high and arrive in style in our beautiful Cessna 340.

PIPER SENECA

Our economical twin engine **Piper Seneca** can comfortably seat 3 to 4 passengers, cruising at 10-12,000 at about 160 knots - (185 MPH). Perfect for regional trips in the Midwest, reach your destination quickly and comfortably. We've carried vacationers, businessmen, dairy farmers, and folks headed to Mayo clinic and other places around the Midwest. Trips across Lake Michigan are especially popular because we can make the other shore in less than 30 minutes, much faster than driving, the car ferry, or even the airlines. The time and cost savings using the Seneca are huge compared to other travel.
